Department of Information Technology

IT ASSOCIATION Meeting – Alumni Talk 13.01.2024

In an insightful session organized by the Department of Information Technology, the college hosted an Alumni Talk on January 13, 2024. The distinguished speaker for the event was **Miss R. Soniya**, a notable alumna from the **B.Sc IT batch of 2020-2023**. Currently pursuing her M.Sc. in Information Technology at Manonmaniam Sundaranar University, Tirunelveli, Miss R. Soniya shared valuable insights on the topic of "Higher Education."

The engaging session took place in the college's First IT classroom and aimed to provide guidance to the students of the academic year 2023-2024. Miss R. Soniya emphasized the significance of pursuing higher education and encouraged students to consider postgraduate studies. She shared her own experiences and advised students to enhance their skill set through certifications and advanced degrees.

In the interactive session, Miss R. Soniya addressed questions regarding employment prospects and advanced technologies.

The Alumni Talk proved to be a highly engaging and informative experience for the attendees. A total of 30 first-year Information Technology students actively participated in the session, gaining valuable insights into the benefits of higher education and its impact on career development.

The event not only provided students with guidance but also served as a platform for networking and learning from the experiences of a successful alumna. The Department of Information Technology looks forward to organizing more such events to foster a strong bond between the current students and the alumni community.
