### Department of Information Technology IT ASSOCIATION Meeting – Developmental Intervention Programme 20.01.2024

The Developmental Intervention Programme in Generative AI, organized by the Department of Information Technology at Wavoo Wajeeha Women's College of Arts and Science in Kayalpatnam, was a comprehensive exploration of the cutting-edge field of Generative Artificial Intelligence. It was held on January 20, 2024, at 2 pm, the program aimed to provide participants with insights into various aspects of Generative AI and its applications.

**Dr. S.N. Sithi Shamila, the Head and Assistant Professor of the Department of Information Technology**, expertly curated and delivered the sessions. The program commenced with Dr. Shamila introducing participants to the fundamentals of Generative AI, highlighting its significance in contemporary technological advancements.

The Developmental Intervention Programme in Generative AI served as a dynamic platform for participants to engage with the latest advancements in the field. Key

concepts covered included Chatgpt, Hugging Face, Bard, Natural Language Processing, Large Language Model, and Prompt Engineering. Final year and pre-final year students of Information Technology actively participated in and benefited from the program.

This initiative not only enhanced the academic experience but also empowered students to explore and contribute to the ever-evolving landscape of artificial intelligence.
